Dear Sir:-

In response to your letter of the 17th inst., which reached me last of this
month, I am sending you, under separate cover, a copy of the last Annual
Report, together with a bound volume of circulars, which will give you some
idea of what we are doing.

The Society publishes the American Journal of Archaeology which is now
due to our country. It is published quarterly at \$2.50 per year.

We have a large collection of coins and medals and a large collection of
ancient inscriptions and a large collection of ancient pottery, etc.
which we open to the public every day and have a large collection of
ancient coins and medals on exhibition.
